**DESCRIPTION AND TERMS.**

Not only is Memo full brother to Frou Frou, the champion yearling trotter in the world, but he is also one of the very best-bred young stallions in service, having three crosses of Byrdy's Hambletonian, one of Harry Clay, sire of Green Mountain Maid (dam of Electioneer, etc.) and Long Island Black Hawk. Through Flaxtail he traces to Canadian Pilot (sire of Pilot Jr. 12), through Bull Pup, sire of Rowdy Boy, 2:13¾, and two others Sidney, Memo's sire, is universally known and recognized as the best young sire in the world, as a producer of extreme speed at an early age. The average speed of his progeny is lower than that of any of the get of the twelve leading stallions of America.

Memo trotted in public in his two-year-old form, obtaining a record of 2:49, though he was close to Grandee in a race on the Bay District track, the second heat of which was made in 2:31½, the first in 2:32. He exhibited phenomenal speed when three years old, for on the Oakland track he was timed a mile in 2:20¼, and frequently trotted quarters in from 32½ to 34 seconds.

He is sixteen hands high, and of powerful build throughout. His color is a glossy black, with both forefeet white. His disposition is all that could be desired, and his action superb. He is a sure foal-getter.

**TERMS \$50.** Season to close August 1st. Good pasturage at reasonable rates. No responsibility assumed for accidents or escapes. For further particulars address  
**DR. T. W. HARRIS, Eugene, Oregon.**

**Stock Farm For Sale.**

One of the finest stock farms in California, consisting of about one hundred acres of rich soil, twenty acres of which in alfalfa, well watered and fenced. It is one of the best-appointed places in the famous Napa valley; it is situated one mile from Napa City, on the banks of the Napa river. There are fine stables, barns, sheds and numerous box-stall, small paddocks, and in fact everything to make it a model farm for the purpose for which Mr. McCord intended it. The magnificent two-story residence containing eleven rooms built in the latest style, surrounded by a garden and orchard, makes it an ideal home place, and a more desirable investment than this has not been offered for years. As John McCord, the owner, is selling all of his horses because his business in San Francisco prevents him from devoting the time to them he would wish, he has concluded to sell this beautiful place also.
