Last Chance!—

The clearing-out sale of boots and shoes at Vanderwerker's will end this week. The goods are wonderfully cheap, as we personally know, and will probably not be had again for the money for years. He is retailing many articles at less than they cost him by wholesale. He will close out all he can by Thursday next, and then stop it. Go before that time if you want the goods.

CHERRIES IN WINE.—August Jeanmonod, wine-maker, at Oakville, has tried the experiment of flavoring wine with cherries, putting 50 pounds of the fruit into 20 gallons of wine. It makes a very strong wine, with a sherry flavor and will make your head buz about as quick as so much brandy.

THE Good Templars Monday evening received 11 new members, making 46 all told. No place of meeting has been secured, but a committee is appointed for that purpose. Meetings will in the meantime be held every Monday evening in the Methodist church. The name is St. Helena lodge.

F. H. W. Crabb put out this year 36,000 vines, (36 acres) of the Bergundy, Charbaneau and tintoria varieties. This makes his vineyard now 160 acres, and he will put out 40 acres more next Winter. Crabb is becoming a mighty man of vines.

EMIL BRESSARD and Louis Debanne are the parties who have built the new cellar, referred to in the STAR last week, above Pampel's. It is on the old "Thomas" place, directly east of Oakville, and is 36x60 feet in size.

New Goods!—

Mr. Carver has been down to the city this week, sending up a large stock of new goods which commence arriving today. Go and see them.

Dr W A McCornack, of Mendocino City, this State, and Miss Ina Condon, of Eugene City, Oregon, are here visiting their brother and sister—Dr and Mrs H F McCornack.

AUGUST JEANMONOD, at Oakville, has built an addition to his wine cellar, 28x48 feet. The old cellar was 38x35. The total capacity is about 50,000 gallons.

A LOT of premium lists of the State Fair, to be held at Sacramento September 8 to 13, have been sent to this office and may be had by whoever wishes.

THE oldest son of Jackson Wells, of Pope Valley, was thrown from a colt last week and severely hurt, but is now recovering.

Rutherford Letter.

RUTHERFORD, July 24 '79.

ED. STAR:—I have neglected you for the last couple of weeks, but have been away, rusticating: at least I was in the mountains, and only regret I could not have stayed longer.

We are about the same as usual, and I hardly know what to write you.

Farmers are busy, and when we do see one in town, we are generally saluted with a Kearney-White-Glenn, Gor'em, Perkins, and the latter is very probable to Gore'm very badly about the 3rd of Sept. next.

We also have a little Pellet-Zollner talk among the Republicans, while the Democrats calmly look on, and wish for the best

The Republican Primary held here yesterday resulted in the election of Mr. Sargent as delegate to the county convention. 12 votes were cast, Mr Sargent receiving 8 to Mr F E Lockwood's 4.

Mrs A G Stanard, who has been very ill for the past two weeks, we are happy to say, is thought to be much better today. We hope for her speedy recovery.

Mrs T L Rutherford and children are up, enjoying a few days' ranch-life.

"Nook Farm" is quite lively yet. Mr. Smith informs me he has about all he can accommodate.

We are informed they are threshing grain in Pope Valley, and will soon begin hauling it in, when we can give you an item about wheat shipping occasionally.

Mr J O Hoag will start his threshing machine in a few days. There seems to be a scarcity of machines in this vicinity this season, and farmers are anxious to get their grain ready for shipping. All feel jubilant over the favorable out-look for good prices.

Mr Buckman and wife returned last week from a visit to the Yosemite, and the Big Trees; they were very much delighted with the scenery; I believe they start for their home in Penn'a next week, stopping for a short time in Colorado. No runaway this week; one horse refused to run at all; in other words he "went back" on his "boss." Adios

Miss S F McDonald, principal of the Napa Ladies' Seminary, died at Jacksonville, Ill's, yesterday morning.

"HARD TIMES."—Twelve years ago the American debt was nearly $2,800,000,000, the greater part being six per cent. bonds. Now, as we have seen, the capital sum has been diminished by fully one-fourth, and of the remainder only $667,000,000 pay six per cent., $703,000,000 five per cent., and $250,000,000 four and one-half per cent., while the four per cent. bonds, of which $117,000,000 have been issued, are rapidly supplanting the higher denominations. If the Americans can accomplish these things in "hard times," we are almost afraid to ask ourselves what they will be able to do in the period of prosperity which, as Mr. Hayes and Mr. Sherman are agreed, is opening before them. It seems difficult to understand how Mr. Sherman's ability to give effect to the Resumption act could ever have been seriously questioned.—*From the London Times.*

A MUNIFICENT BEQUEST.—When it was announced that a citizen of Nevada, recently deceased, had bequeathed his private library to the State, the virtues of the departed and his great intellectual attainments were the theme of superb eulogy in most of the Nevada papers. But when a catalogue of the volumes constituting the "munificent gift" showed that the "private library" consisted of a copy of "Hoyle," a pocket dictionary and two paper-covered novels, there was but one paper in the State that had moral courage enough to publish the facts.—*Washington Post.*

Last Wednesday night Mr. Levi Smith, of Merced, sailed up the river in a novel looking craft known as a "catamaran." The boat consists of two air-tight hulls about thirty feet long connected with braces fastened to each in a manner which allows perfect freedom to the motion of the waves. On these braces is an elliptical deck for passengers. The boat was built by Mr. Smith, and is the second of the kind on the coast. It is sloop-rigged, and from the peculiar build of the boat, capable of attaining a rapid rate of speed. —*Reporter.*

How it is Done.

The first object in life with the American people is to "get rich"; the second, how to regain good health. The first can be obtained by energy, honesty and saving; the second, (good health) by using Green's August Flower. Two doses of August Flower will relieve you at once. Sample bottles 10 cents. Positively sold by all first-class Druggists in the U. S.
